

Shafshafo's Annual Report  
2018

## Introduction

Shafshafo for Relief and Development is a non-governmental, non-profit organization which is based in Galkaio, Puntland State of Somalia. Its headquarters is in Galkaio, the capital city of Mudug region in Puntland. It was established in July 7, 2001 in Garowe, the capital city Puntland, at the height of Somali civil war. The aim of the establishment was to answer the dire need to salvage the war-displaced people. Shafshafo was reformed in 2013 and new executive committee was established.

## Report on Relief Activities -2018.

Shafshafo for Relief and Development executed a number of orientation projects and surveys. The relief activities have been limited in 2018 due to the fact that Shafshafo didn't win any offers or grants to carry out relief activities needed.

The orientation programs included seminars aimed educating the most vulnerable of the communities in Galkaio, Baadweyn and other villages in Mudug Region on how to self-support and adopt hygienic traditions. The beneficiaries of Shafshafo's activities included orphaned children, single mothers, handicapped people and nomads who lost their source of livelihood to the consecutives droughts which had hit the area. These people had raised animals like goats, camels, sheep and cattle.

In addition to that, Shafshafo for Relief and Rehabilitation ran iftar kitchens during Ramadan for the poor in Baadweyn and delivered food baskets containing dates, cooking oil, food grains and sugar in Galkaio. Some of this food stuff was provided by the city people and distributed by Shafshafo for Relief and Rehabilitation.

## Conclusion

In conclusion, Shafshafo's efforts to relieve the suffering of the Somali people have been well appreciated by the local community. It is aiming at extending its services to a wider community and lobby for relief for most vulnerable sections of both urban and rural communities.

Osman Abdirahman Omar

The Secretary General of Shafshafo for Relief and Development
